

1/3/2018

An Open Letter to the Katahdin Region:

The Katahdin Collaborative, founded in 2015 as an informal roundtable of Katahdin area organizations, clubs, municipalities, businesses, and individuals, has launched the **Katahdin Gazetteer: a roadmap to the future**.

We, the undersigned, ask you to join us in the process of capturing the values, hopes and dreams for the future of our great region.

The 12-month **Katahdin Gazetteer** process will result in an action plan to help all of us prepare for a healthy, prosperous future.

The process is community-based and community-led, with coordination help from the consulting firm Future iQ. Funding is generously provided by the Elmina Sewall Foundation and Jane's Trust.

Be a part of the future of the region – join us at one of the many upcoming community events so we know what is important to YOU!

Sincerely,

The KATAHDIN COLLABORATIVE NETWORK
